

This program, administered by the North Dakota School Boards Association (NDSBA) in partnership with the North Dakota Association of School Business Managers (NDASBM), provides voluntary professional development for school business managers in North Dakota and those aspiring to become school business managers in the state.

**The North Dakota
School Business Managers
Certification Program
is offered by NDSBA in
partnership with NDASBM.**

NDSBA and NDASBM have developed this certification program to provide professional development to school business managers and to recognize the professional knowledge and accomplishments of school business managers in North Dakota schools.

Affiliate coursework

(9 hours)

Certification candidates are required to complete 9 hours of training at NDSBA and/or NDASBM-sponsored events.

LOCATION

The program is a combination of courses held in Bismarck and online courses. Bismarck courses are typically held in blocks over the course of one to three days in conjunction with NDSBA conferences/events.

COST

Registration for each course is \$50 per hour. Courses are offered at this low rate because the North Dakota legislature has allocated funding to assist with the cost of tuition for this program.

Most courses will require students to have access to a computer.
